

Understanding Variation (Thinking Deeper)

Directions:
Use numbers and words to explain your thinking.

1 Explain Variation

1 Finish the sentence:
Variation means that _____

2 True or False

1 Variation means something went wrong.

A. TRUE B. FALSE

2 Explain your answer.

3 Predict Again

- 1** If Mr. Bee ran the test **one more time**, do you think the result would be:
- A. **exactly the same**
 - B. **close but not exact**

2 Explain why.

4 Reflection

1 Why is it helpful to repeat a test more than once?
Write one or two sentences.
